

Develop a Risk Management Implementation Plan (bizSAFE Level 2) for Fairprice

Course Overview

Upon completion of this unit, you will acquire the knowledge and skills to be a Risk Management Champion for the organisation in reducing risks at source by managing the risk and management process at the workplace and for recognition of bizSAFE level 2 by Workplace Safety and Health (WSH) Council.

It involves developing a practical risk management implementation plan for the organisation which identifies specific actions to be taken, by whom and time for their completion. It also entails the formation of a risk management team, risk assessment, controlling and monitoring the risks, communicating these risks to all persons involved and in compliance with the Risk Management Code of Practice.

Course Outline

- Verify the expectations of a Risk Management Champion with the relevant person in accordance with organisational WSH policy
- Form a risk management team based on organisational WSH policy and in compliance with WSH (Risk Management) Regulations requirements
- Establish a hazard identification methodology for the workplace to identify WSH hazards associated with any work activity or trade
- Establish risk control measures methodology for the workplace to manage the identified risks to a level as low as reasonably practicable by following the principles of hierarchy of control
- Develop a workplace risk management plan to implement the hazard identification, risk assessment, and risk control measures in accordance with organisational WSH policy
- Present the risk management plan to relevant stakeholders for consideration in accordance with organisational procedures
- Communicate the identified hazard, risk evaluated, and implemented risk control measures to the person concerned in accordance with risk management plan

Methodology
